

## Waiting news...

**“Just as you do not know the path of the wind, ... so you do not know the activity of God who makes all things ”.**

(Ecl. 11:5)

Dear brothers and sisters and partners in the Lord's work:

First of all we want to wish you a **HAPPY and BLESSED year 2021**, which we hope will be better than 2020. We pray that our God will keep you, strengthen you and guide you in the midst of the difficult “panorama” that we are going through worldwide.

We should have sent out our prayer letter earlier however there is a good reason for delaying, we are in conversation with a family who wants to buy our house, but who is negotiating with the bank to grant a mortgage loan. The news may undergo a change in a couple of weeks and this is why we are waiting to be able to share with you information that is in line with reality.

We both thank the Lord for each one of you, for your fidelity and commitment to us and the work that the Lord has entrusted to us. We ask you for your prayers in the matter of the sale of the house and that the Lord will find us a suitable place for our circumstances.

A hug in Christ our Redeemer.

*Abel & Rafi.*
