

UPDATE ON THE UKRAINE CRISIS

European Christian Mission

24 FEBRUARY, 2022

Dear brothers and sisters,

As you all know, the Russian invasion of Ukraine started this morning, and we want to keep you informed about our ECM workers there and the situation on the field.

The recently created ECMI Crisis Management Team was called to intervene on the 12th February, setting in motion protocols to manage the crisis and calling the ECM network to prayer.

The situation has been evolving rapidly since this morning, but we are in close contact with our ECM workers there and they are safe.

We are working to effectively assist our partners and the Ukrainian Churches in several ways: we are coordinating all

communications related to the crisis, both with the team in Ukraine and the wider ECM network; we are also providing member care for our workers involved; finally, we are coordinating the ECM mobilisation efforts to raise financial and prayer support to help with the crisis, more details about this coming soon.

The team and the churches in Ukraine, as well as the ECMI Crisis Management Team, ask for your prayers and support in these difficult times. Please pray for peace for Ukraine.
