PEOPLE.  
CHANGE.  
EUROPE.

# PEOPLE.

**God loves people.** Jesus loves every one of the 700 million people living in Europe today. The young, the elderly, the migrant, the single mum or the drug dealer. God wants them all to have lives filled with peace, hope and joy. How can that happen?

**God uses people.** When someone experiences the love of Jesus they want to share this with others. This can be practical acts of caring as well as words of truth. People are God's main tool for reaching Europe and His world.

**God joins people together.** When Jesus' people come together they encourage one another, inspire each other, share needs and

burdens, and more. That's why Europe needs churches. The Church is God's chosen mechanism for spreading His kingdom on earth.

**Europe fact:** Europe needs hope. 25% of Europe's population suffer from depression or anxiety each year. (World Health Organization)

**ECM fact:** European Christian Mission supports more than 200 people ministering in 20+ countries across Europe.

# CHANGE.

**God desires change.** Today's Europe is full of needs. Broken relationships affect how people and how nations treat one another. Money, power and pleasure promise to meet people's desires, but in the end only deliver disappointment and addiction.

**God changes people.** However large the challenges are that someone is facing – poverty, debt, abuse, health – Jesus is ready with more than enough love and grace to bring life into even the darkest of situations.

**God changes communities.** Jesus transforms one heart at a time. But when those hearts beat together in communities of love (called churches) they can reach out to meet the needs around them with God's love and power.

**Europe fact:** *Europe needs faith. Brazil possesses almost three times as many evangelical Christians as does all of Europe.*

**ECM fact:** *While ECM focuses primarily on church planting and discipleship, we support people bringing change through ministries as diverse as fighting human trafficking and offering drug rehabilitation.*

# EUROPE.

A smiling couple, a man and a woman, are taking a selfie in a European city. The man is in the foreground, wearing a dark blue t-shirt, and the woman is leaning her head on his shoulder. In the background, there is a large, ornate building with a dome, likely a cathedral or church, under a bright sky.

**God sees Europe's needs.** The Bible makes it clear that God sees and cares about the poor and the powerless. He isn't willing to leave them suffering and alone. That is why God expects Europe's Christians to stand up and make a difference.

**God wants Europe reached.** Jesus commanded his disciples to make disciples of all nations and that includes those in Europe. As long as so many of Europe's churches are still empty the task of reaching the world isn't yet finished.

**God's people can change Europe.** God's strategy for changing Europe is for the people who know and love Jesus to take action. He has given them the Holy Spirit to empower them, the Bible to guide them and the church to stand with them. It's time for people to change Europe!

**Europe fact:** *Europe needs peace. Terrorism, Russian posturing, extremist political parties, BREXIT and similar challenges feed fear and distrust across the continent.*

**ECM fact:** *ECM workers come from many countries, such as Germany, France, Albania, Bosnia, Australia and Brazil, and many different church backgrounds.*

# We help people change Europe.

**Do you love Europe?** Europe is full of things to love – culture, food, history and more. If God has given you a special connection with a place in Europe then we'd love to talk to you about how we can help you change its future.

**Do you love people?** Europe is full of problems like drug addiction, people trafficking, poverty, abuse and broken homes. If you want to see such needs met, in ways that draw people to Jesus, then we'd love to help you.

**Do you love the church?** Many of Europe's communities have no dynamic Christian presence. If you have a passion for discipleship, evangelism or making the Bible relevant, then we'd love to talk to you.

When you're ready to go and change Europe, we're ready to help.

**ECM fact:** ECM tailors its support according to the needs of each worker, offering member care, support raising advice, ministry oversight, mentoring and much more.

# Changing Europe starts here.

**Prayer brings change.** The first step in bringing God's kingdom to Europe is to pray about it. If you want to pray, we'd love to provide you with up to date information.

**Giving brings change.** ECM workers are financially supported by their friends, family and churches. There are also strategic ministry projects that need funding. Giving is an important way of helping to change Europe.

**Start the change right here.** God has called all of us to be salt and light to our communities. Wherever you live you can be an ambassador for Christ. You can begin the change today.

You can be a Europe changer.  
Start the change today.
